

Meeting Minutes Team 16

17/09/2023

Participated: Vlad Ursu, Botezatu Marius, Bucătaru Daniel, Telug Anatolie, Ciumac Alexei

Assisted: Stanislav Nastasenco- mentor

Discussed:

1. Ideas for application & threats to it
2. Voting the idea to be implemented.
3. Reviewing the requirements provided by the University and planning our production schedule for the next few months according to it.

1. Status of Tasks in progress:

No	Task	Responsible	Initial deadline	Status	New deadline
1.	Produce ideas for the upcoming application	Whole Team	17.09.2023	100%	
2.	Decide Upon the final concept for the application	Whole Team	18.09.2023		

2. Commentaries on Tasks in progress:

After a week of brainstorming, it was decided that the application will most probably be a web-based medical history card, which will be protected according to the threat level, and the parameters specified in the requirements provided by the University.

3. Allocation of New tasks:

To be distributed at the meeting the following day.
